December 18, 2025

Dear Panther Families,

As we celebrate the holiday season, I want to take this opportunity to thank you for your ongoing partnership and support throughout the first half of this academic year. The energy and commitment demonstrated by our students, families and staff have made this semester a resounding success.

On the subject of the first semester, when we return from the holiday break, we will be continuing what has been a successful first half of the school year. This is a significant milestone, and I am incredibly proud of the progress our students have made. They have embraced new knowledge and built strong foundations for future learning. Their dedication is evident every day in our classrooms and school activities. The momentum we have built together is key, and we look forward to carrying it into the second part of the school year.

Our winter break begins on Monday, December 22 with school resuming on Monday, January 5. While this time offers a well-deserved opportunity for rest and precious time spent with family and friends, I encourage you to use the break to keep the spark of learning alive. Some simple and enjoyable activities can include reading holiday stories, practicing math skills through holiday cooking recipes and more.

In addition, I want to provide a brief update on our facilities. As part of the 2025 bond millage our community helped pass earlier this year, the former Stuckey Elementary will be demolished. To protect our community, during the week of January 19, a large fence will be installed around the property prior to demolition starting. At this time, the board of education is discussing the future of the property, and we will provide future updates on this and other projects under the 2025 bond throughout the school year.

From all of us at Redford Union Schools, we extend our warmest wishes for a peaceful and joyful holiday season. May this time be filled with rest, relaxation and cherished moments with your family and loved ones. We look forward to welcoming our students back refreshed and ready to learn in the new year. Together, we will strive to make 2026 a year of exceptional growth and achievement for all of our students.

Go Panthers!
Judy Nachman
Interim Superintendent
