

PANTHER POST

Student Highlight: Geodor Madih, 3rd grade Beech Elementary

This edition's student highlight is Geodor Madih, a third grader in Mrs. Gering's class at Beech Elementary.

Geodor joined us last school year after moving to the U.S. from Cameroon. With French being his native language, Geodor initially had a challenging time adjusting to life at Beech Elementary. However, since becoming a Panther, Geodor has improved his proficiency in speaking English significantly, made incredible strides in Math and Reading, and has found his voice within his group of peers.

The Beech Elementary staff are incredibly proud of Geodor's hard work and perseverance in his schoolwork and social life. Beyond his academic growth, he has also demonstrated tremendous leadership skills and is ready to help his teacher and fellow classmates without being asked.

We are very thankful to have Geodor as a student, and we can't wait to see how he continues to grow!
